## ACHIEVEMENTS

### Key Achievements

- Successfully developed and deployed multiple full-stack web applications impacting student communities and learners.
- Built real-time, interactive apps (like friendSearch) improving user engagement with swipe matching and chat features.
- Created a robust quiz management platform with advanced features including image support and admin controls.
- Gained 3+ years of practical experience in full-stack development through hands-on projects and continuous learning.
- Contributed to open-source projects, enhancing coding skills and collaboration.
- Developed strong expertise in modern web technologies such as React, Node.js, MongoDB, and cloud deployments.

## EXPERIENCE

### Full Stack Developer

Self Employed / Lalitpur / September, 2018 - Present

- Full Stack Developer with 3+ years of experience building scalable and efficient web applications using React, Node.js, Express, and MongoDB.
- Developed multiple full-featured projects including blog platforms, real-time chat apps, and quiz management systems.
- Skilled in building responsive UIs with TailwindCSS, managing state with Zustand, and integrating third-party libraries like Socket.io and TinyMCE.
- Experienced in deployment and version control with GitHub and cloud hosting platforms.
- Strong problem-solving ability and passion for learning new technologies and improving code quality.

## TRAINING/CERTIFICATIONS

**100 Hours Web Development Bootcamp - Build 23 React Projects**
Udemy / 2025

**The Complete Front-End Web Development Bootcamp**
Udemy / 2023

**Python And Flask Demonstrations Practice Course**
Udemy / 2024

**MIT OpenCourseWare (Free university-level math courses)**
Massachusetts Institute of Technology / 2025
